

Dear Future Second Graders and Families,

Happy summer! While summer is a time of relaxation, cookouts, beach days, and ice cream treats, we want to make sure each child goes into second grade feeling confident and prepared. This summer math packet is designed to help support your child throughout the summer, strengthen your child's skills, and prepare them for second grade. This packet will be due the first week we come back to school.

Please remember your child's summer reading as well! It is so important to continue to stretch our brain muscles during the summer months!

We hope you have a wonderful and relaxing summer! We are going to have a terrific year in second grade, full of learning and growing!

Happy Summer,

Mrs. McMahon and Ms. H
